RE: Qualifying Charitable Organization – Approval

Greetings Mr. Melin:

Public Partnership (QCO Code: 22070) has verified that it meets all criteria to remain a Qualifying Charitable Organization. Your previous provisional status has been converted to a conventional approval and your organization's assigned QCO Code will remain the same.

Enclosed is a certificate acknowledging that your organization meets all criteria to be considered a Qualifying Charitable Organization. You may display the certificate or keep it in a file. This certification does not apply to or exempt your organization from Arizona transaction privilege (sales) and use taxes.

The department may periodically request that organizations recertify their status, however there is currently not an annual filing requirement. Your charity's certified status is valid for the entire 2020 calendar year and until you hear from us again. Your organization must also notify the department of any changes that may affect its qualifications.

Thank you for your response to continue as part of the tax credit for charitable organizations.

Sincerely,

QCO/QFCO Program Team
